

TRUCK CLEAN (degreasing agent).

Description: TRUCK CLEAN is used for cleaning and washing of engines, breaks, mechanical parts, lorries, bulk trucks and entrepreneurial materials
TRUCK CLEAN efficiently dissolves colour, oil, grease, soot, road dirt and more, without manual handling.

Dosage: At temp. from 50 - 90 gr.C.; 1-2% (ca. 2 dl. pr. 10 ltr. water)
At temp. from 0 - 50 gr.C.; 5% (ca. 5 dl. pr. 10 ltr. water)
In high-pressure cleaners the right dosage is used automatically.

Usage: TRUCK CLEAN is applied with a brush or sponge
Reaction time without manual handling is 1 - 15 minutes.
Thoroughly rinsed with water (best with high pressure).
The mixture should not dry out and be avoided in direct sunlight
.

Physical properties

Appearance	:	clear liquid.
Flash point	:	>100 gr.C.
Dissolvable	:	with water
Density	:	1,08 kg/ltr.
Packaging	:	20 ltr. can, 210 ltr. barrels and 1000 ltr. IBC containers.
